 2. I am filled with every desire
 3. A promise of the gods completed
 4. Which desire is made for two.
 You make one dream of garden fair,
 You're in the middle of blue,
 Where life is free from mortal care
 And words are made for two.
 You are a child of fortune blessed
 Who knows in their flight across
 Some flowers in their flight across
 Like flowers upon the sea.
 You are a beautiful one
 And more as father I know health
 Deep inside you, your eyes describe
 The dream of the gods, the dream,
 You're in the middle of blue.

One Day One Year

By B. C. Davidson,
1001 St. John, Vancouver

Prayer, thought and expectation of this past year have been elevated into the realm of the spiritual. In the face of adversity, the other people in your life have been more united than ever.

Let us hope that this year will be a year of prayer, thought and expectation. Let us hope that this year will be a year of prayer, thought and expectation. Let us hope that this year will be a year of prayer, thought and expectation.

Season's Greetings

The Christmas Season provides one of those rare moments in life when we forget the rush and cares of business, and give thought to the more worth-while things.

It is the time when we feel more tolerant towards the entire world, and deeply grateful for the happiness and friendships with which we have been blessed. It inspires us to express our gratitude for all these fine things.

As your friendship and patronage have generously contributed to our happiness and welfare, we take this opportunity of expressing our appreciation, coupled with our most sincere wish for a Good, Old-Fashioned Merry Xmas & a Bright, Happy and Prosperous New Year.

Yours sincerely,

UNITY COLUMN

By Paul L. Pearson

While the Unity movement has been the subject of much discussion for some considerable time, there still seems to be much confusion in the minds of many people as to what the movement is and what its purpose is. It is the purpose of this column to clear up some of the confusion and to present a picture of the movement as it is today. The first thing that should be said is that the movement is not a political party. It is not a religious organization. It is not a social club. It is a movement for the betterment of the human race. It is a movement for the betterment of the human race. It is a movement for the betterment of the human race.

Take a try from other motorists... This is Chevrolet and get your facts from people on the spot. In every town and everywhere, are buying more Chevys than any other car. Why? Well, they like the way they look, the way they run, the way they handle. They like the way they look, the way they run, the way they handle. They like the way they look, the way they run, the way they handle.

A STRANGE CARGO

**Real Dutch At Halifax With Ship-
ment Of Two-Headed Babies**

Every now and then a modern
Dutch's AIR TRIP in Halifax with
a cargo including two-headed babies
makes up, but the case of the Dutch
is a somewhat of two-headed matter
because the two-headed babies—
travellers from the Netherlands—
known to be legitimate as citizens—
and that one had \$1,000 possible
spoil as from their trunk.

It is reported that the two-headed
babies were living as
well as possible on the ship on
the voyage.

At one o'clock in the afternoon, just outside Pinar del Rio, we saw a pair of *Myadestes occidentalis* on a pine tree in a scrubby area around him, starting off and not seeming to mind the presence of the car. I got out and gave over the binoculars to the other person who reached the Pinar del Rio. We reached the range and the air was warm and sunny. After about two-thirds of the way we reached the point where the road crossed the river and we stopped. The car was parked on the left side of the road, and we were about 200 m from the river. PLEASED DISHONOR

For attempting to take one ounce of Indian hemp into Scotland, Hans Lammann, a seaman, was fined 250 Swedish Kronor. Lammann said he did not know what the hemp really was. It was testified that a minute quantity in a cigarette would make a man "unfit for anything for days."

Serving The Miner
The miners of the world are the backbone of the world's economy. They are the men who dig for the metals and minerals that we need for our daily lives. They are the men who work in the dark, in the heat, and in the cold, to bring us the goods that we need.

A clock has been installed in the American Telephone and Telegraph Building in New York which is considered as the most accurate in the world. It is a small clock, not like the gigantic clock in the British House of Parliament, the time of which is tolled out by the 13 o'clock bell. But this and its works would not be much larger than those of an ordinary house clock. Modern precision instruments are capable of making a more accurate time-keeper than the huge works of Big Ben which were made more than 50 years ago.

WHY WE SET UP TREES AND GIVE PRESENTS

Century of traditions play a part in the Christmas celebration. The Christmas tree and the giving of presents are two of the most important features of the season. The tree is a symbol of life and growth, and the presents are a symbol of love and generosity. The tree is set up in the living room, and the presents are placed under it. The tree is decorated with lights and ornaments, and the presents are wrapped in colorful paper. The tree is a symbol of life and growth, and the presents are a symbol of love and generosity. For instance, take wheat: although there were 300½ bushels of high-quality registered or certified seed supplied to members, we can safely estimate from this that there are over 79,000 bushels of superior quality seed produced by the Junior Club Members in 1936 for distribution.

work of a District Agricultural Club is usually associated with Club activities. It is this work which requires considerable time and energy so that those of such activities in a year may realize a definite gain; not only in the improvement of the quality of the product which the Club is dealing but also in an education, in having a much better knowledge of such wonderful improvement. I wish to state that they played a very important and a large part in the dissemination of superior quality of breeding stock in the Districts in which they operated. It might be of interest to members to know that in Crop District No. 8, with Stretley as centre, there was a total of 65,643 hogs marketed in 1936. Of this 23,000 or 35 per cent were selected, 23,770 or 36 per cent.

Of course, all this is under the guidance of the Agricultural. I maintain this type of work not only training to Members to be good conduct meetings to be representative freely in a crowd

For instance, this year, the victory of Wembley had been a triumph in Wheat. The election of Andrew P. This is the trend and desire in the Junior Club activities in the better District alone, in this past season, we had in operation the following Clubs: 3 Senior Clubs, approximate membership of 60; 6 Grain Clubs, with membership of over 115; and we now have organized 5 Beef Feeding Clubs with a membership of between 120 and 130, which would give us a pretty fair share of Club activities when compared with other Districts of the Province.
